ThinkSmart

ThinkSmart One

The world's first Windows-based all-in-one collaboration solution

Immersive collaboration is a must in today's hybrid workforce. That's why Lenovo has designed **ThinkSmart One**, the first and only Windows-based all-in-one (AIO) bar on the market. Combining the high-resolution camera with wide field of view, premium sound for lifelike clarity, and powerful compute running Microsoft Windows, this device is ideal for small and medium spaces. Plus, the intuitive ThinkSmart Controller, a 10.1-inch, 10-point touch HD display with anti-glare and anti-fingerprint coating, gives you one-touch join to keep your meetings efficient and productive.

Certified for Teams or Zoom and preloaded with ThinkSmart Manager software[1], ThinkSmart One is powered by 11th Gen Intel® Core™ vPro™ processors with Intel® Iris® Xᵉ graphics for next-level collaboration. Sharing content on a conference call and running multiple displays is no problem. And with camera, sound, and compute combined in a single device, installation is a snap. Whether ThinkSmart One is set up in a huddle space or medium conference room, its digital clock, modern design, and minimal cables deliver a clean and tidy aesthetic.

Built for Business

[1]ThinkSmart Manager comes pre-loaded on all ThinkSmart One devices. ThinkSmart Manager has two levels: Basic and Premium. Premium is included with your ThinkSmart One purchase for one year. You can choose to continue service for an additional cost.

Smarter technology for all

Lenovo

Purpose built for hybrid collaboration
ThinkSmart One offers first-in-market AIO innovation for modern functionality and aesthetics. Enable true audiovisual collaboration in the office and beyond with this distinctive solution.

CAMERA
Creates an immersive space where everyone can be fully engaged—wherever they are—with high frame rates that eliminate distracting lag and distortion, plus an extra-wide field of view. Provides sharp contrast, vivid colors, and brighter images in low-light environments. Offers built-in VPU and neural network for AI conference meeting function, including auto-zoom, auto-framing, people-counting, speaker-tracking, and whiteboard-awareness.

SOUND
Delivers premium sound for crisp clarity through stereo speakers with high-volume capacity and range. Includes eight integrated mics with 180-degree wide-range coverage and frequency, plus integrated DSP for echo and noise cancellation.

APPLIANCE MODE
Supplies built-in formidable compute running on the Windows IoT platform and powered by 11th Gen Intel® Core™ vPro™ processors with Intel® Iris® Xᵉ graphics. Certified for Teams or Zoom, from small to medium rooms.

Intentional sustainability

Lenovo ThinkSmart products use recycled and/or sustainable packaging, as well as PCC recycled product material[1]. All Lenovo devices are manufactured using low-temperature solder for reduced emissions. And by 2025, Lenovo aims to obtain 90% of electricity for global operations from renewable sources and remove one million tons of greenhouse gas emissions from the supply chain.

Lenovo Go Wireless ANC Headset with charging stand
